

NC-004 Group 4 Emblem Meaning

The Group 4 emblem features a blue shield edged in gold, symbolizing strength, professionalism, and our role within the North Carolina Wing. At the center is a cardinal, the state bird of North Carolina, representing our strong connection to the communities we serve. The cardinal's red coloring reflects an official Civil Air Patrol color and our commitment to service.

Three silver stars appear along the lower portion of the shield. These stars represent nighttime training and missions, as well as the original six squadrons that formed Group 4. The bottom scroll displays "GROUP 4 NC WING," proudly identifying our unit.

Together, the emblem reflects Group 4's heritage, readiness, and dedication to Civil Air Patrol's missions.
